PETITION TO THE HOUSE OF COMMONS IN PARLIAMENT ASSEMBLED
We, the undersigned citizens of Canada, draw the attention of the House to the following:

That in the **Matter of John Graham**:

- The government of Canada failed in it's fiduciary duty owed Mr. Graham, a Canadian Aboriginal, when the Minister of Justice (MOJ) made a political decision to extradite him to the United States and then waived his protection under the principle of specialty, allowing other charges to be added against Graham after his extradition;
- The MOJ failed to consider paragraph *44(1)(b) of the Extradition Act* which permits refusal to extradite if a "person's position may be prejudiced" because of their race, religion, nationality, ethnic origin … or status." and further failed to consider that the evidence presented to Canada for extradition was "presented in a most unsatisfactory manner."
- The MOJ failed to apply findings from his Ministry's *Report on the Prevention of Miscarriages of Justice* and only considered the US prosecutors theory of Graham's alleged crime and failed to consider allegations of FBI involvement with this crime.
- The MOJ assumed the US prosecutor 'acted in good faith', however, the United States Government was aware since 1998 that federal prosecution of the Aquash case may be seen as a cover up to hide the role of the FBI in Aquash's death proving the US prosecutor acted in bad faith.
- The MOJ assumed Graham would receive a fair trial, ignoring hundred of support letters warning the MOJ of existing prejudice in South Dakota, a fact confirmed by US Government Civil Rights Reports in the State of South Dakota that the level of prejudice against Native Indians '*is so great that there is no chance that the defendants can obtain a jury…. free from negative predispositions to render a verdict on the evidence presented in the courtroom alone…. This is because there is a pervasive pattern of prejudice among South Dakotan potential jurors in which violence*, *Indians*, *and the American Indian Movement all are interconnected.'*

Therefore, your petitioners pray that the Government of Canada make a formal request to the United States Government for:
The immediate release and return of John Graham to Canada.
